

- 1) To avail this service customer needs to register his/her mobile number with Bank. SMS banking facility needs to be enabled in CRM of CBS.
- 2) Customer can set **Debit** Card limit only for cards of account/s linked to his/her registered mobile number only.
- 3) To set card limit customer needs to send SMS text as:  
**SCL** space <last four digit of card number> space <amount to be set> on 9773251313 from his/her registered mobile number.
- 4) In case of new card, this functionality can be used anytime once the card is activated.
- 5) This functionality is available only for active debit card holders.
- 6) In scenario where card is blocked for ATM usage due to wrong PIN entries, the customer cannot use **SCL** functionality till the card is made **ACTIVE** by generating **GREEN PIN**.
- 7) The limits on the card can be increased or decreased between zero and maximum allowed card limit as published in circular.
- 8) Customer can modify Debit Card limits as many times as required in a day. However, if multiple requests are placed in a single day on the same card then the latest limit will be updated on the debit card.
- 9) Confirmation SMS will be sent to customer post limits being updated on debit card.
- 10) This service cannot be availed when single mobile number is linked to multiple CIF Id's.
